Rohan Mehta
B.Tech Computer Science, 3rd Year | Sample Institute of Technology

SKILLS
Python, Flask, Django, PostgreSQL, MongoDB, REST APIs, Docker, Git, Redis, AWS

PROJECTS
Campus Cab Share - Flask, PostgreSQL, Docker. Built REST APIs for ride matching used by 300 students.
Student Marketplace - Django, Redis. Designed a caching layer that cut page load time by 40 percent.
Expense Tracker API - Flask, MongoDB. Added JWT authentication and unit tests.

EXPERIENCE
Backend Intern, FinEdge Labs (Jun-Aug 2025): built microservices in Python and FastAPI, deployed on AWS EC2 with Docker.

AWARDS
Winner, internal hackathon 2025 (backend track).
